One day, Worker 1 booked a cab and it got canceled(sad).

From his office by walk it took him 11 days to reach his office.

Worker 2 was very lucky he came in a flight, which was 10 days ago. Their boss said, "I will come on 12th march", the date was 9th march.

3 days later...

The boss had arrived in a grand aircraft(thrilling). Worker 1 and 2 were excited and did a salute as they welcomed their boss.

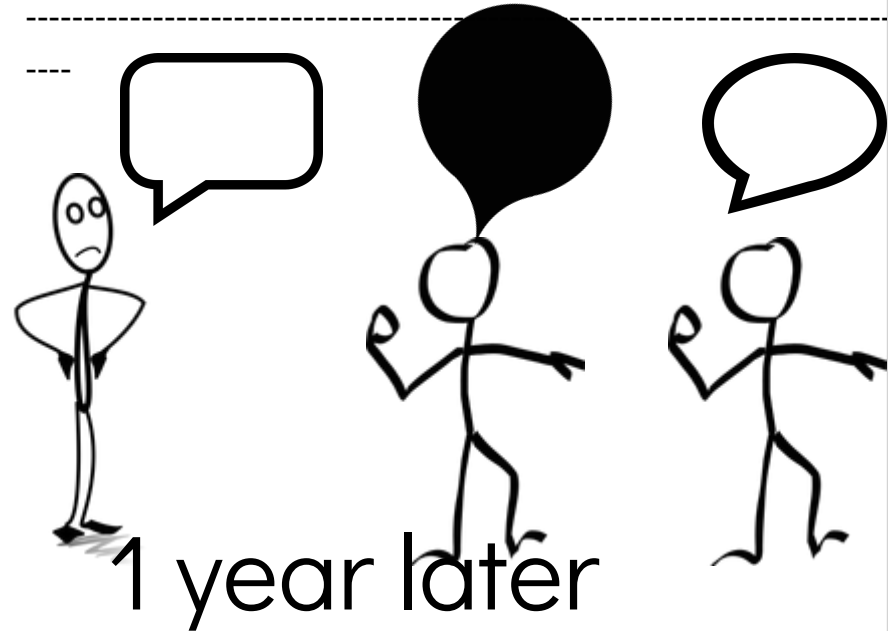

Worker 1

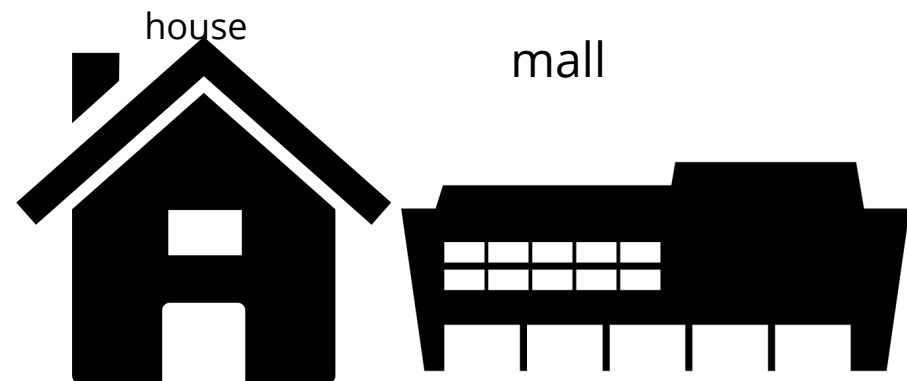

Worker 2

As their boss came, they had a party, which was also to decide how to start the business and all

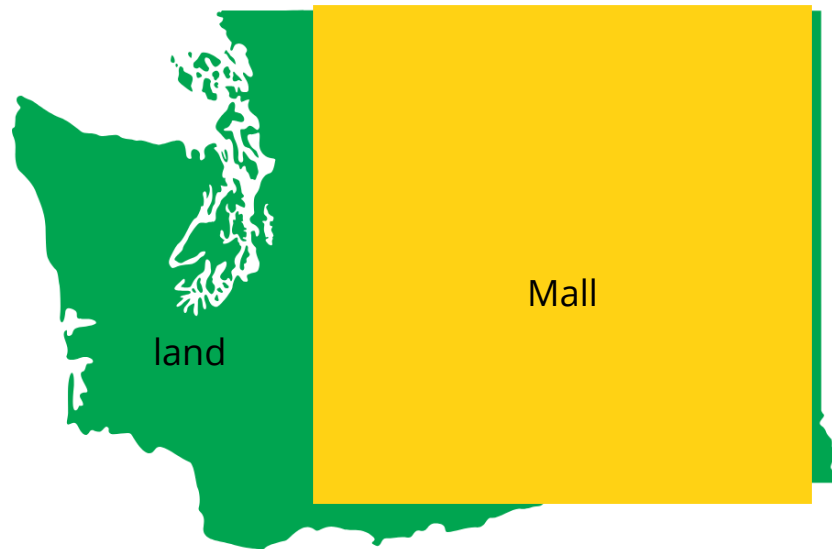

They finally decided to build a residential building, but it accidentally turned into a mall

1 century later

The mall took a lot of time because it was half the whole countries length. They had to destroy a lot of houses, and even the parliament

The mall was full of escalators. It costed ₹90000000000

00000000000000000000
00000000000000000000.

There were only two customers in the past 6 months. That night, thief one and two came to empty the mall it took 1 year when it was covid-19
