But the mall was demolished and so he got a job in a hotel. He was the chef. This went on for the next five years.

The hotel only got 2 customers, and they both said,"We hate

Then, he planned to a new job. He changed into a OLA driver.

He had to travel around the world for money.

Lavik got 1k per second, and got 1 crore per ride. Then, in the first 3 rides, he was the worlds richest man. Then came a vehicle called NASA 52 MMLL. This machine could travel through space in seconds. In the first ride, he got 111,000 crores. This went on for the next 10 years.

The lavik became 80 years old so he retired from his ola job. He was left with 10,000 crores
