* Secret language

SECRET LANGUAGE IT'S QUITE EASY, REALLY.

Try to decode:

Ham End Lie Lie One
Space Ram End Ant Den
Emu Ram Star, start, period

Answer: Hello Readers

Step 1: Extract each letter from your message. E.g. HELLO = H + E + L + L + O

Step 2: Find a word that starts with those letters. E.g. H = Ham E = End L = Lion O = Orange

Step 3: Combines those words into a sentence and your code is ready!

E.g. Ham End Lion Lamb Orange
H E L L O

And to decode, take the first letter of each word and put it together.

NOTE:

Space is denoted as the word Space
You cannot use space to represent
S. E.g. Ham I'll ~~Space~~ Space soar
ant mom.

Punctuation words like period, comma
also can't represent their letter.
They are used like
This is Page no. (7) the word space

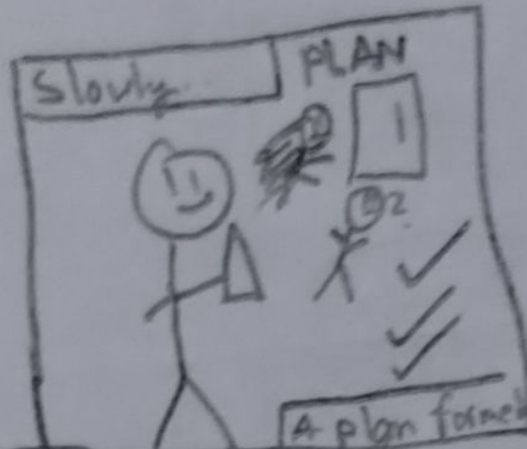

space orange red space

Fall read enormous ding ^{perio} question mark
